

# How to Order Ford Licensed Products

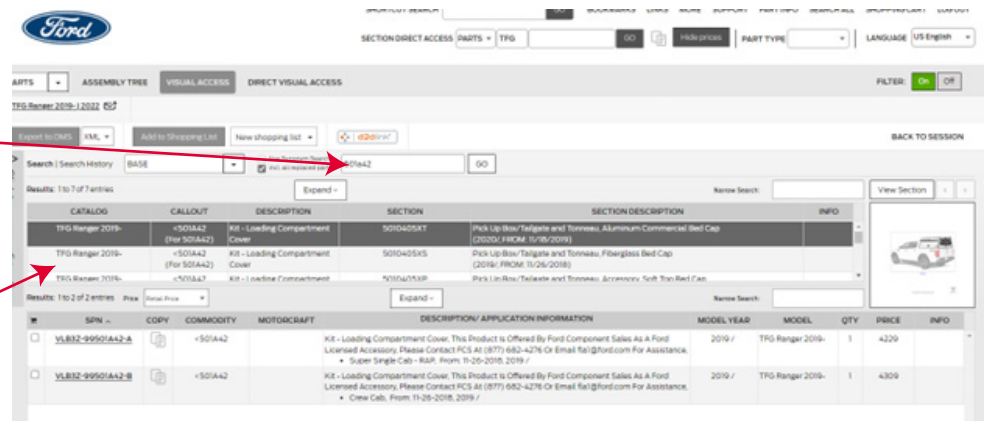

by LEER® Group

All LEER® Group products can be accessed using directions below.

If you know the base number of the product, search for part number using the following steps:

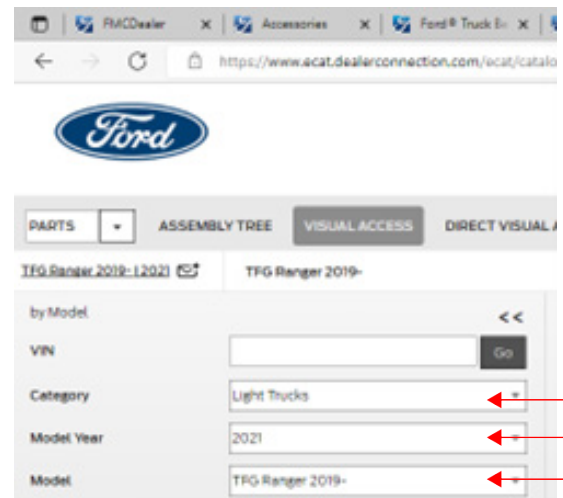

1. Log into DOESII.
2. Type base number in search box and click "GO" (example is using Ford Ranger bed cap base number).
3. Enter part number of product into your ordering system (use the same steps as daily stock order process).

4. Upload your order into DOESII to complete your order.

If you do not have the base number for the product, search for part number using the following steps:

1. Log into DOESII.
2. On left side of screen – select category, year, and model from dropdown menus (example is using Ford Ranger bed cap).

3. Click on "5 Body and Paint".

4. Click on picture of product to display part numbers.

5. Choose part number that correlates to truck color.

6. Enter part number of product into your ordering system (use the same steps as your daily stock order process).

7. Upload your order into DOESII to complete your order.
