Built for exceptional security, maximum convenience and sleek good looks.

UltraGroove® Electric adds convenience with hands-free remote operation and electro-magnetic brakes that can lock the cover in any position. The cover includes drain tubes in both the front and rear to help maximize water management. Easily attach virtually any sport rack to carry bikes, kayaks, cargo baskets and more with the built-in Rail Expansion System (RES). And the T-slot rails accommodate most Pace-Edwards®, Thule®, Yakima®, and Rhino-Rack® accessories.

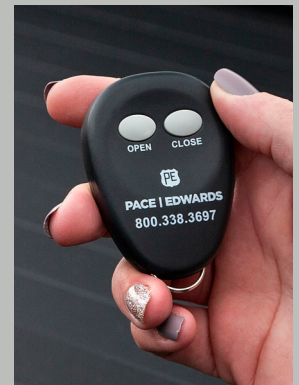

FEATURES INCLUDE

- Retracts into a contoured canister at the front of the truck bed.
- Electric motor connects directly to your truck battery.
- Manual release lever allows the cover to operate when the truck or key fob loses power.
- Recessed U-channel rail interiors act as built-in rain gutters, channeling water toward the front or rear, depending how the vehicle is parked.
- Pliable perimeter seals on the rails and special end caps at the tailgate channel water away.
- Innovative mounting hardware with leveling arms maintain the rail position for smoothly aligned operation.
- Optional manual switches can be mounted in the cab or at the rear by the tailgate to open and close the cover.
- Canister is tapered for more cargo space in the truck bed.
- Made in the USA.
- 5-year limited warranty.

UltraGroove Electric opens easily with the push of a button.

Two key fobs included for remote operation.
